Subject: T-1 Preps.

From: Jeff Barroso at kilo20 12/19/97 2:41 PM

To: Wayne Sproles at Mail5

John Miller asked me to CC:Mail the following instructions:

Wayne,

The following controls will be adhered to during the removal of the T-1 perimeter fence posts and grading of the T-1 site (excluding the trench). Placing class 6 material on top of T-1 is acceptable so long as the surface soils will not be disturbed.

Soil Disturbance Permit, 080797-0405 (Rev. 1), dated October 27, 1997 will cover

These activities are considered "preparatory activity", as such radiological work permits are not required.

Fence posts and grading equipment must be released in accordance with 1-P73-HSP-18.10.
